

Free Study Resources for the Physician Assistant College Admissions Test (PA-CAT)

Specialized Study Resources for Candidates Taking the PA-CAT in 2021

Improve Your PA-CAT Results with Focused, Targeted Study

Exam Master presents a new set of free resources to support physician assistant program applicants who are taking the PA-CAT with practice exams, sample test questions, and more.

Two PA-CAT Practice Exams

- » 120 challenging practice questions per exam
- » Covers all 9 PA-CAT subjects.
- » All questions feature detailed explanations.

PA-CAT Study Guide

- » Realistic sample questions for each PA-CAT subject.
- » Detailed PA-CAT exam blueprint.
- » Practice tips and other helpful information for the candidate.

9 Subject-Specific Practice Exams

- » 50 question exams for each of the 9 subjects provide deeper subject review.
- » Provides useful feedback on strengths and weaknesses
- » All questions feature detailed explanations.

Pre-Matriculation Success Program

Exam Master has developed an online program that provides a self-paced, self-directed comprehensive review of the key PA-CAT foundational subjects, including Anatomy and Physiology.

Program Features

- » Focuses on core learning objectives for each subject.
- » Interactive quizzes covering learning module objectives.
- » Subject specific summative exams for quick diagnosis.

**Candidates will receive the entire
Pre-Matriculation Success Program free with
registration for the PA-CAT.**
